**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I rely on broadband internet for my work as a researcher and teacher at a public university. I use a competitive provider in order to get internet access that is faster, more reliable, and less expensive than other providers. My access to quality broadband at a reasonable price depends on broadband competition and competitive deployment. I strongly support broadband competition and the requirement for unbundled network elements that maintains fair prices and quality service.
